

Pattern Recognition, Homework 5

0516003 李智嘉

1. (100%) Show your accuracy of your model on the provided test-data by screenshot the results of your code and paste it on your report

```
karljackab@adsl-2080-server:~/hw5$ python3 pred.py
100%|
Accuracy of my model on test-set: 0.9616
```

The screenshot shows a terminal window with a dark background. The prompt is 'karljackab@adsl-2080-server:~/hw5\$'. The command 'python3 pred.py' has been executed. The output shows '100%' followed by a progress bar, and then 'Accuracy of my model on test-set: 0.9616'.
